

Canadian PowerFloat REPAIR PROCEDURES

Canadian Authorized repair facility:

**Levys Machine Works
3503, 78th Ave. SE
Calgary, Alberta T2C 1J7**

1-877-969-2233

1. Ship to facility above.
2. Ship the PowerFloat in the carrying case or contained in a protective box. Remove all accessories from the case. If not shipping in the carrying case, make sure to use a rigid box with flaps intact, adequate cushioning material and strong tape designed for shipping. PowerFloat will not be responsible for damaged cases due to shipping.
3. Complete the **Repair Authorization Form**.
 - Email to: info@powerfloat.net **or** fax (403) 984-7702
 - Include one copy in the case with your PowerFloat
 - Retain one copy for your records
4. You will be contacted with a quote prior to all repairs being completed. Customers are responsible for all shipping costs. We accept Visa, MasterCard, AMEX and Discover Credit Cards.
***PowerFloats will be returned to you upon receipt of payment.**

Please direct all questions or concerns regarding the repairs to the PowerFloat office at 1-877-969-2233.
